Laser Therapy

Companion Therapy Laser

Laser Therapy provides your pet with relief of aches and pains, and allows your pet to heal faster after surgery or injury.

Post-Surgical Pain Relief

- ✓ Arthritis
- ✓ Wound Healing
- ✓ Laceration/Abrasions and more

Microchipping

- ✓ Microchips have helped reunite thousands of pets with their families. We offer the most widely used microchip products to increase the chances of a safe recovery. Implanting a microchip causes minimal to no discomfort to your pet. It can be implanted during any routine appointment. Ask about the service on your next visit to the clinic.

Pet Health ID Cards

- ✓ Now through our friends at VetScene, we're offering Pet Health ID Cards with your annual vaccinations.

Grieving

- ✓ Our clinic knows that the saddest part of a veterinary practice is having to say good-bye to a pet. We have a grieving room available to create a serene and comfortable atmosphere for both and client and patient. We have cremation services available upon request along with the option of Huggable Pet Urns.
